Course by NordEdu
SQL #9

15 DAYS OF USING
SQL

Mastering Data Retrieval & Management with
PostgreSQL

Challenge

Create a table called songs with the following columns:

1. During creation add the DEFAULT 'Not defined' to the genre.
2. Add the not null constraint to the song_name column.
3. Add the constraint with default name to ensure the price is at least 1.99.
4. Add the constraint date_check to ensure the release date is between today and 01-01-1950.
5. Try to insert a row
6. Modify the constraint to be able to have 0.99 allowed as the lowest possible price.
7. Try again to insert the row.

Challenge

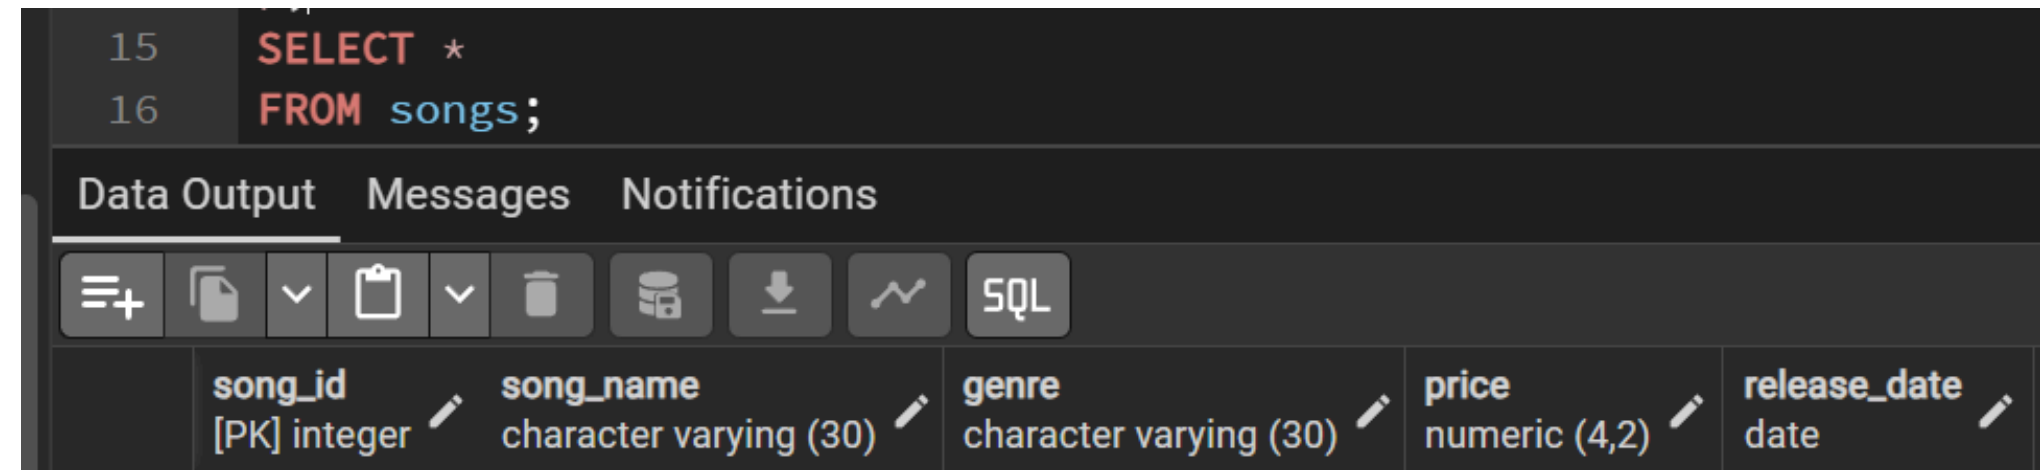

```
Query  Query History
1  -- Create a table called songs
2  -- During creation add the DEFAULT 'Not defined' to the genre.
3  CREATE TABLE songs (
4      song_id INTEGER PRIMARY KEY,
5      song_name VARCHAR(30) NOT NULL,
6      genre VARCHAR(30) DEFAULT 'Not defined',
7      price NUMERIC(4,2) CHECK (price >= 1.99),
8      release_date DATE,
9      CONSTRAINT date_check
10         CHECK (
11             release_date BETWEEN DATE '1950-01-01'
12             AND CURRENT_DATE
13         )
14 );
--
Data Output  Messages  Notifications
CREATE TABLE
Query returned successfully in 252 msec.
```

notes

Membuat tabel songs dengan kondisi berikut :

- DEFAULT 'Not defined' pada kolom genre
- not null constraint to the song_name column
- constraint with default name to ensure the price is at least 1.99
- constraint date_check to ensure the release date is between today and 01-01-1950

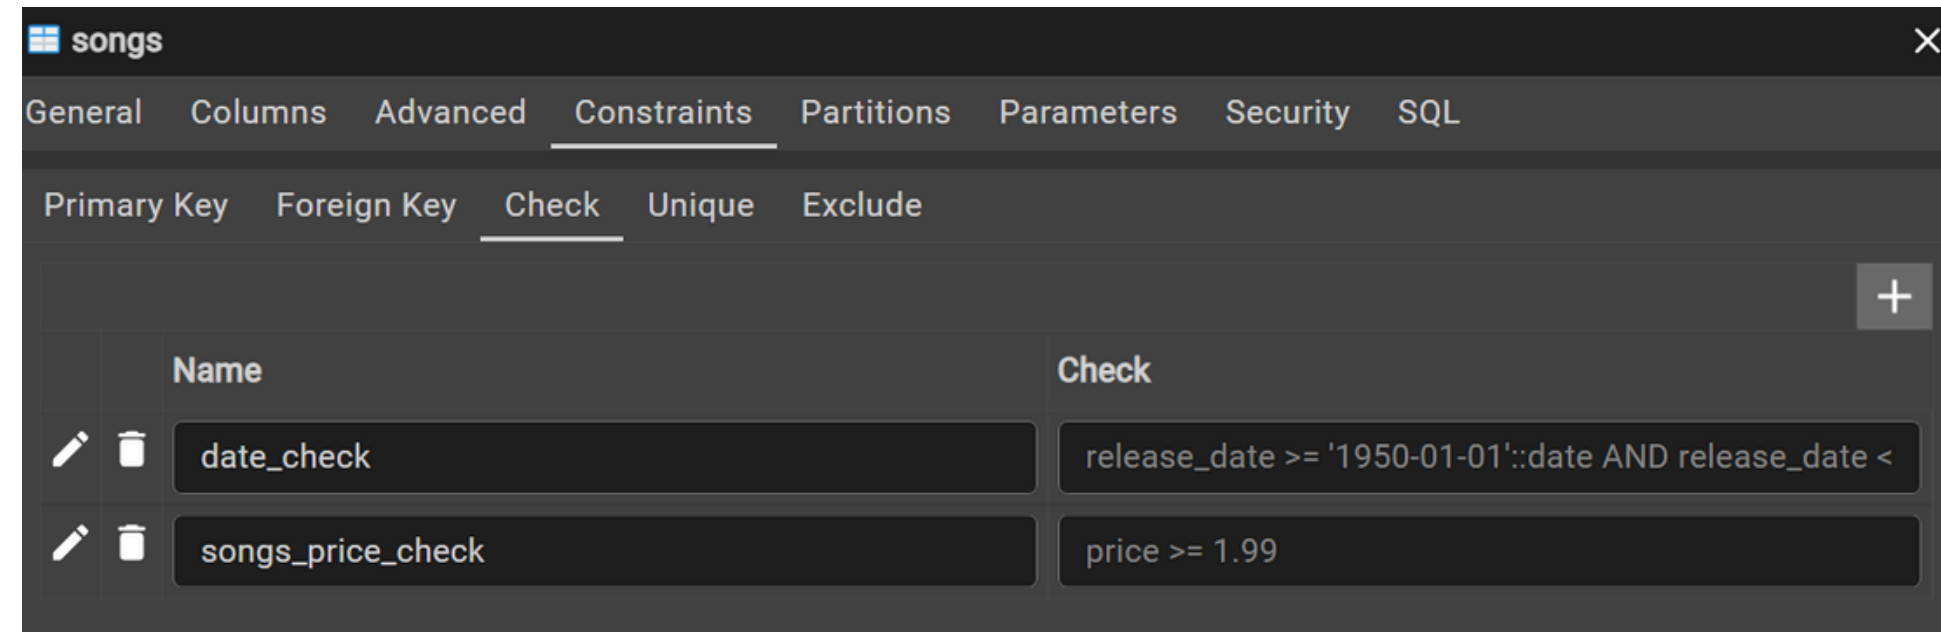

Challenge

notes

Untuk memastikan kembali jika tabel songs berhasil dibuat

Challenge

notes

Kondisi dengan constraints pada kolom date_check dan song_price_check

Challenge

```
20 INSERT INTO songs
21 VALUES
22 (4, 'SQL song', DEFAULT, 0.99, '2022-01-07');
```

Data Output Messages Notifications

ERROR: new row for relation "songs" violates check constraint "songs_price_check"
Failing row contains (4, SQL song, Not defined, 0.99, 2022-01-07).

SQL state: 23514

Detail: Failing row contains (4, SQL song, Not defined, 0.99, 2022-01-07).

notes

Mencoba untuk insert value pada tabel songs
namun dengan value price 0.99

Dimana value yang di input dibawah batas
price check yang dibuat

Result : error message violates check constraint
pada kolom songs_price_check

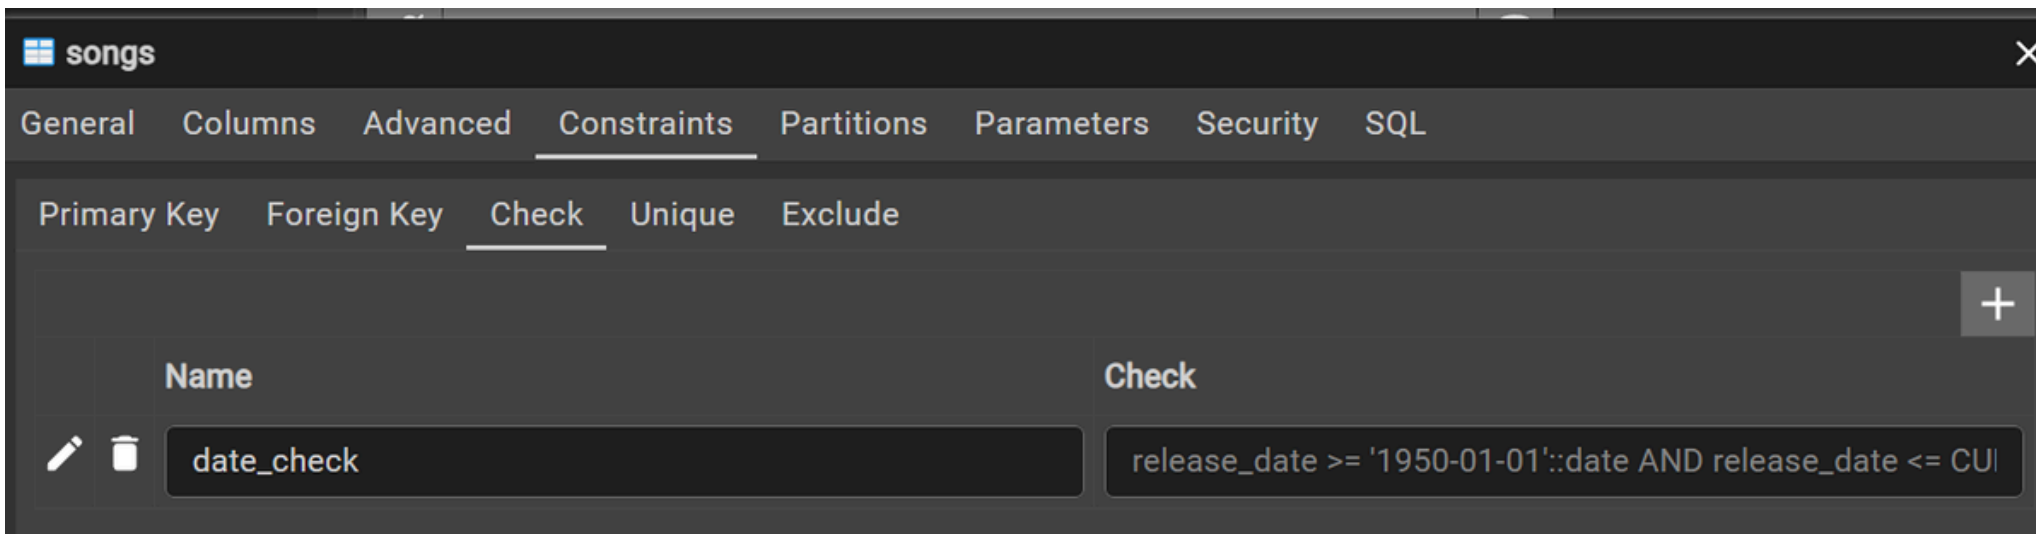

Challenge

```
24 -- Modify the constraint to be able to have 0.99 allowed as the lowest possible price.
25 --step 1:menhapus contrins sebelumnya
26 ALTER TABLE songs
27 DROP CONSTRAINT songs_price_check;
```

Data Output Messages Notifications

ALTER TABLE

Query returned successfully in 96 msec.

notes

Mengubah constraint pada kolom songs_price_check agar ketika insert value dibawah 1.99 berhasil
Step pertama dengan menghapus atau drop constraint nya

Challenge

```
28 --step 2: menambahkan contrisn baru
29 ALTER TABLE songs
30 ADD CONSTRAINT songs_price_check
31 CHECK (price >= 0.99);
```

Data Output Messages Notifications

ALTER TABLE

Query returned successfully in 102 msec.

songs			×
General Columns Advanced Constraints Partitions Parameters Security SQL			
Primary Key Foreign Key Check Unique Exclude			
			+
Name		Check	
 	date_check	release_date >= '1950-01-01'::date AND release_date <= CUI	
 	songs_price_check	price >= 0.99	

notes

Membuat constraint baru pada kolom songs_price_check dengan konsisi value >=0.99

Challenge

```
18 -- Try to insert this row
19 INSERT INTO songs
20 VALUES
21 (4, 'SQL song', DEFAULT, 0.99, '2022-01-07');
```

Data Output Messages Notifications

INSERT 0 1

Query returned successfully in 105 msec.

notes

Mencoba untuk insert kembali nilai 0.99 setelah dilakukan drop constraint dengan value 0.99

Challenge

```
18 -- Try to insert this row
19 INSERT INTO songs
20 VALUES
21 (4, 'SQL song', DEFAULT, 0.99, '2022-01-07');
22
23 SELECT *
24 FROM songs;
```

SQL

Showing rows: 1 to 1

✎

🖨

Page N

	song_id [PK] integer ✎	song_name character varying (30) ✎	genre character varying (30) ✎	price numeric (4,2) ✎	release_date date ✎
1	4	SQL song	Not defined	0.99	2022-01-07

notes

Value berhasil di inser dengan price 0.99 pada kolom price karena constraint check pada kolom song_price_check sudah di rubah menjadi ≥ 0.99

THANKYOU
